Dear friends and colleagues

We would like to take this opportunity to thank you for your important contribution as a delegate for Cutting Edge congress year after year. Your key involvement contributed to the high scientific quality and professional standards reached, as well as to the overall success of the Congress. The achievement is recognized and reflected in the high esteem in which the Congress was received during and after the event, from colleagues, participants and the industry alike.

Our programme for the next conference are already in preparation and are scheduled to take place.
